

I AM SELVAA AS PER REGISTER NAME V.SELVARAJ

My website: www.selvaaindia.net16.net

Laws are formed to direct mankind by obeying the laws to live In peace and to ensure the rights of them.

In the Jallikattu issue Tamils are in the expectation of the Supreme Court to give permission to conduct Jallikattu. The case be pending in the past years, since the law restrict the domesticated animals like Bulls has been brought into wild animals category and has been locked not to be removed from wild animal category. If we see this such law is in the motivation of to restrict Jallikattu. This such activity has been brought in making laws also that to suppress people and to obey and to accept to their every activities. It is open-secret this law is unacceptable.

Supreme Court has the right to dissolve such laws that restrict peoples welfare and their rights. In the past years Supreme Court have taken such action of to restrict in corruptive cases of India.

I request to take action of to dissolve the law that the domesticated bulls are brought into wild animals category and to give permission to conduct Jallikattu with the supervision of government officials.

We the Tamils respect judiciary and the Supreme Court of India and expect Supreme Court to give PERMANENT permission to conduct Jallikattu soon.
